## Event Report

*May 28, 2022*

**Event Title: ICSII & SSIP Awareness Session**

**Date: May 28, 2022**

**Time: 10:00 - 13:00**

**Coordinators: Prof. Shaswat Padalia and Prof. Ritesh Patel**

Indus Center For StartUps Innovation & Incubation (ICSII), in collaboration with the SSIP Policy at Indus University, organized an informative event titled "ICSII & SSIP Awareness Session" on May 28, 2022. The event aimed to create awareness and provide insights into the initiatives and opportunities offered by ICSII and the SSIP Policy.

The event was coordinated by Prof. Shaswat Padalia and Prof. Ritesh Patel, esteemed faculty members at Indus University known for their expertise in entrepreneurship and innovation. Their leadership and efforts ensured the successful organization of the event.

The session began at 10:00 and continued until 13:00, attracting a diverse audience consisting of students, faculty members, and individuals interested in the startup ecosystem. The participants actively engaged in discussions, presentations, and interactive activities throughout the session.

The event agenda encompassed comprehensive presentations on ICSII and the SSIP Policy, highlighting their objectives, initiatives, and support mechanisms for aspiring entrepreneurs. Prof. Shaswat Padalia and Prof. Ritesh Patel provided valuable insights into the startup ecosystem and explained how ICSII and the SSIP Policy contribute to fostering innovation and entrepreneurship.

Prominent speakers, including successful startup founders, mentors, and industry experts, shared their experiences and success stories during the event. Their talks offered valuable perspectives and practical advice to the attendees, inspiring them to explore entrepreneurial opportunities and pursue their startup ideas.

The session also featured interactive Q&A sessions, allowing participants to seek clarification and delve deeper into specific aspects of ICSII and the SSIP Policy. The coordinators, Prof. Shaswat Padalia and Prof. Ritesh Patel, facilitated these discussions, providing valuable guidance and ensuring that participants received comprehensive information.

Moreover, the event showcased success stories of startups incubated and supported by ICSII and the SSIP Policy, demonstrating the impact and potential of these initiatives. The success stories served as inspiration for aspiring entrepreneurs, showcasing the possibilities and opportunities that exist within the startup ecosystem.

The coordinators, Prof. Shaswat Padalia and Prof. Ritesh Patel, concluded the event with a closing statement, expressing their appreciation to the participants, speakers, and organizers for their active involvement. They encouraged attendees to explore the resources and support offered by ICSII and the SSIP Policy, emphasizing the importance of seizing the available opportunities to nurture their entrepreneurial aspirations.

In summary, the "ICSII & SSIP Awareness Session" organized by ICSII at Indus University, powered by the SSIP Policy, proved to be an insightful and motivating event. With the coordination of Prof. Shaswat Padalia and Prof. Ritesh Patel, the session successfully created awareness about ICSII and the SSIP Policy, empowering attendees with knowledge and inspiration to embark on their entrepreneurial journeys and contribute to the vibrant startup ecosystem.
