

Report of the Activity

Unveiling Game Changing Opportunities in Blockchain

Date: 18/10/2023

Venue: Karnavati University Campus

Time: - 11:00 AM to 1:30 PM

Number of Participants: - 93

Unitedworld School of Computational Intelligence, IIC, KIIF, Curtin University and SSIP organized a session titled “Unveiling Game Changing Opportunities in Blockchain” for students to understand more on the opportunities in the field of Blockchain Technologies.

We were deeply honoured to welcome Dr. VidhyaSagar Potdar, Director of the Blockchain R&D Lab at Curtin University and an Entrepreneur by himself.

Throughout the session, attendees had the chance to explore diverse blockchain solutions that are reshaping industries such as finance, healthcare, supply chain, logistics, and more. From enhancing transparency and traceability to optimizing efficiency and security, each solution showcased the immense potential of blockchain to revolutionize traditional business processes.

He talked about various ideas on which student can start their own business in the field of blockchain like:

- Sell decentralized cloud storage
- Create Platform for E commerce
- Game Development
- Host and create decentralized websites
- Create blockchain systems for other companies etc.

The Expert Session served as a platform for meaningful discussions, idea exchange, and networking opportunities, fostering collaboration and paving the way for future advancements in blockchain technology.

The Honourable Dean sir extended heartfelt gratitude to Dr. VidhyaSagar Potdar and all participants for their valuable insights and active participation in making this expert session a resounding success. He assured that the school is paving the way for a more inclusive, transparent, and resilient future powered by innovation in blockchain technology.
