About Event

A dedicated one-to-one handholding session was organized for student beneficiaries of the SSIP 2.0 program. The session provided personalized guidance and support to each student, focusing on their specific project needs, challenges, and goals. Experienced mentors and industry experts offered tailored advice, encouragement, and resources, empowering students to overcome obstacles, enhance their project outcomes, and achieve their entrepreneurial aspirations. The session fostered a supportive ecosystem, nurturing innovation, creativity, and student success in the SSIP 2.0 program.
