

SSIP2.0 Sensitization Sessions

Event Name: Student Outreach Program

Date: 14th August, 2024

Venue/ Mode: Durga Vidhyalay, Chandlodiya, Ahmedabad

No of Participants: 161

Speakers Name : Dr. Kalpesh Vaishnav, Dr. Neelam Makwana

About Event:

Karnavati School of Dentistry had organized a student outreach program for the students of Higher Secondary covering from 9th to 12th standard, of Durga Vidhyalay (Government School), Ahmedabad. The objective of this program was to motivate the young students for innovation. The speakers briefed the students about the concept of innovation. Further the talk was focused on startups and government support for the startups including the Student Startup Innovation Policy for school students. The students were made aware about entrepreneurship as a career option, which can also act as an add on career option. Students were made aware about how a novel idea can be converted to startup and eventually a successful business. The talk covered various stages of innovation and how it can lead to our contribution to region, state and national economy through startups and innovation.

Outcome of Event:

The students learned the concept of innovation and they were happy to hear about the government support for such initiatives. Students were interested and inquired about SSIP policy, the eligibility, and how can they avail these benefits.
