## Report on NetworkShetra 2024

---

Name of Event: Networkshetra

Schedule: 11th September, 2024

Venue: E Block 1st Floor

Duration: 4:00pm - 6:00 pm

Organizing Club: Swayam - The Entrepreneurship Club of IMNU in Collaboration with E cell-NU.

### About the Event:

Swayam-The Entrepreneurship Club of IMNU in collaboration with E Cell IMNU successfully organized Networkshetra on 11th September 2024 at E Block 1st Floor NU. This event was aimed to provide a networking platform to students from all over Nirma University.

Students from various institutes of Nirma University registered for Networking event where they got to network with people with similar interests and various backgrounds. The event was planned with various rounds including games, speed networking, open networking with high tea and jamming session. Event began with registration and games where they were provided a sticker badge and their names were written on it. After that speed networking was planned where people were divided into 3 groups and 2 circles in each group. After every 2 mins there was a buzzer buzzing and the person has to switch to the next person standing on the left in the circle. After this round we had debates among various groups on some social and general topics. The next was high tea along with open networking where there was an excel sheet provided to people in which there were 5 names written with one group name. They groups were formed on basis of people with similar interests. The person has to find those 5 people and network with them. The event concluded with a jamming session by Pookie Gang from IMNU.

Overall it was a fun as well as outbounding experience for students and we look forward to plan more such networking events on much larger scale.
