

SSIP 2.0 Sensitization Sessions

Event Name: Idea Hackathon Day – 2

Date: 10/09/2024

Venue/ Mode: room number – 13

No of Participants: 74

Speakers Name: SSIP – CO - ORDINATOR (NIRALI BHAVSAR)

About Event:

Government Science College, Varachha, has conducted idea hackathon on 04/09/2024 at GSC Varachha under SSIP for all the students. The idea hackathon is divided into three days activity. On the second day of Idea Hackathon, we have invited Mr. Shebaz Malik, Head of Science at Prodigy club, Surat a start up renowned for gamifying education to enhance student engagement. Before this, he was the Vice President of the Incoming Global Talent Department at AIESEC in Surat, an organization dedicated to youth leadership and international exchanges. The day focused on refining problem statements, enhancing critical thinking, and inspiring innovative approaches to real-world challenges.

Outcome of Event:

Mr. Shebash led an interactive brainstorming workshop with the participants. Students presented their problem statements, which ranged across various fields such as technology, healthcare, and education. Mr. Shebash emphasized the importance of identifying core issues and expanding perspectives to generate innovative solutions. The session created a dynamic and collaborative environment where students felt encouraged to think outside the box. Mr. Shebash's enthusiastic and motivational approach energized the teams, leading to more creative and refined solutions by the end of the day. Students redefined and polished their problem statements with clarity. Teams identified potential gaps and areas for improvement in their ideas. New directions were suggested by Mr. Shebash that inspired teams to think innovatively.
