

GOVERNMENT ARTS COLLEGE, GANDHINAGAR

Idea Hackathon (13.09.2024 & 14.09.2024)

In response to the statewide initiative of Idea Hackathon, Government Arts College Gandhinagar has organized a student outreach event on Friday 13th September. In the event, students were oriented about the hackathon and its themes. To encourage students SSIP coordinator Dr Jolly Desai and Innovation Club coordinator Dr. Bhavpraksh Gandhi took leadership. Students were enthusiastic to meditate on the questions about the hackathon's prescribed themes. Dr. Desai explained each theme to students and mentored them. More than 150 students actively participated in the hackathon idea generation session during the programme. SSIP committee members like Dr Gandhi, Dr Goswami, Dr Gurjar, Dr Chavda consistently encouraged the students and guided them to ideate. Students exhibited genuine interest in exploring their local problems, indigenous knowledge and skills with the themes of the hackathon.
