About the Event: The Internal Hackathon organized at Dharmsinh Desai University on 10th September 2024 provided teams a platform to present innovative solutions, receive feedback from jury members, and prepare for the Smart India Hackathon 2024. It fostered creativity, enhanced technical and soft skills, and offered valuable industry exposure to participants.		
Outcome of the Event: The Internal Hackathon successfully prepared student teams for the Smart India Hackathon 2024. Participants presented creative solutions, received constructive feedback, and gained a deeper understanding of problem-solving from various perspectives. The event enhanced their technical knowledge, teamwork, and presentation skills, while boosting their confidence for future competitions.
