**Speaker:** Dr. Rajesh Malan & Dr. B. R. Sudani

**Organized by:** Government Engineering College, Valsad

**Participants:** 94 students

**Occasion:** Celebration of Vikas Saptah, Government of Gujarat

---

### *Objective of the Session*

This session was held to introduce school students to the concept of development through innovation and showcase the importance of state government support in nurturing innovation. It aimed to inspire young minds to contribute to Gujarat's growth and development while informing them of the initiatives that the government has implemented for educational and entrepreneurial advancement.

### *Event Overview*

Dr. R. C. Malan and Dr. B. R. Sudani led an engaging session for 94 students at Atakpardi School. As part of Gujarat's Vikas Saptah celebration, the event focused on fostering a culture of innovation and making students aware of the state government's supportive role in driving economic and social growth.

Key topics covered included:

- **Understanding Innovation in Everyday Life:** Dr. Malan discussed how small, everyday innovations could impact communities and encouraged students to think creatively about solutions to local issues.
- **State Support and Opportunities for Youth:** Dr. Sudani highlighted various initiatives by the Government of Gujarat that empower students and young innovators, such as student grants, startup support programs, and innovation awards.
- **Career Pathways through Innovation:** The session emphasized the possibilities for future careers in science, technology, and entrepreneurship through state-supported pathways.

## *Impact and Outcomes*

The session proved to be highly interactive, with students actively participating and asking insightful questions about how they can contribute to their community's development through innovation. Feedback indicated that many students felt inspired and motivated to pursue their ideas and were grateful for learning about government-supported opportunities that could help bring these ideas to life.

## *Conclusion*

The event concluded successfully with Dr. Malan and Dr. Sudani encouraging students to take the first step towards innovation, with the assurance that the Government of Gujarat stands as a pillar of support for their journey. This session served as a meaningful addition to Vikas Saptah, instilling a spirit of growth and innovation among the young minds of Atakpardi School.
