Report on the event of Workshop on “Non Destructive Testing Methods” under “Initiatives to promote student startups and innovations”

Under student startup and innovation policy of Government of Gujarat, L.E. College of Engineering has organized one day workshop on “**Non Destructive Testing Methods**” under “Initiatives to promote student startups and Innovations” for 3rd and 6th semester Civil students on **30th January 2023** (Venue: Cad Lab, Civil Department) at **11:00 AM**.

Lect. **DipeshRathod**, Member of SSIP Cell, Civil Department coordinated the event and explained the activities which will be carried by SSIP Cell.

Prof. **Jay Kapadiya**, Assistant Professor, Gardi Vidyapith have shared knowledge about Basic of Ndt Methods, conventional and advance Ndt Methods & its application. Students have gone through hands on practice of Manual Ultrasonic test machine. He had also demonstrated the live demo on rebound hammer.

The students interacted with the expert and asked various questions regarding advanced NDT methods. The expert discussed with students and answered each and every questions/queries of the students. The students were extremely happy by attaining the workshop. The feedback given by the students are very positive and they insist on organizing more such workshop in future. 20 students have participated for the workshop.

GLIMPSES OF LIVE SESSION
