REPORT

On October 10, 2024, a one day seminar was organized on “Start-Up Talk” under SSIP 2.0 and Vikash saptah at Government Science College, Tharad, under the inspiration and guidance of the Principal, Dr. Jagdish H. Prajapati.

The event began with a prayer, which was presented by semester 5 students, Trivedi Aastha, Rajput Hetal, Trivedi Jaina, and Ranvua Shrushti. Following the prayer, Prof. Dr. Nihar Nimbark, Head of the Department of Zoology, delivered the welcome address.

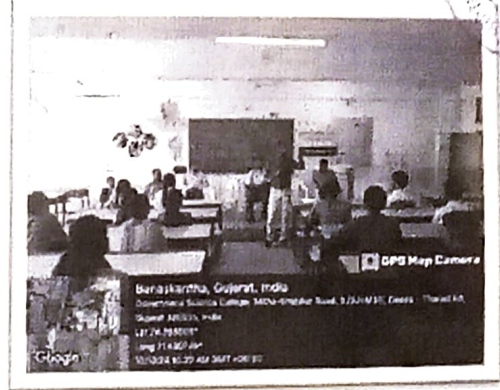

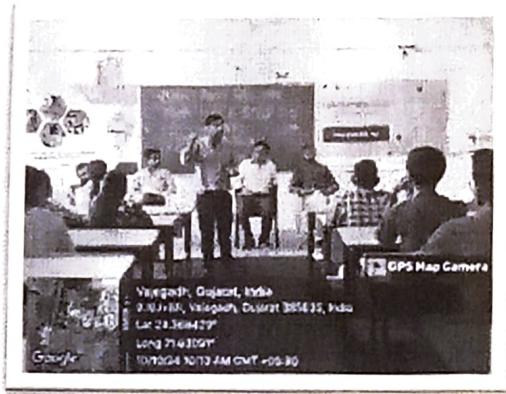

Moving forward, Prof. Ashok Darji, Head of the Department of Physics, outlined the significance of the program and introduced SSIP, explaining its relevance in today's world, as well as the government support available to students through various schemes.

Dr. Jagdish H. Prajapati, Principal of the college, delivered a keynote address, encouraging students to excel in the fields of start-ups and innovation. He provided detailed information about government schemes such as Make in India, Saraswati Yojana, Jyotigram Yojana, Garib Kalyan Yojana, Krishi Mahotsav, Digital India, and Renewable Energy.

The event continued with a special lecture by Prof. Dr. Govind Varde, SSIP Coordinator, who provided in-depth information about SSIP and the grants available under various government projects. He also shared examples of successful start-up companies like Zomato, Swiggy, Uber, Ola, Byju's, and Physics Wala, explaining their growth from inception to their impact on daily life. He motivated students to think innovatively and aspire to become job providers rather than job seekers in the start-up sector.

At the end of the program, Prof. Devendra Bharti B. Goswami, Head of the Department of English, delivered the vote of thanks and declared the event concluded.

The entire program was coordinated by Prof. Dr. Nihar Nimbark, and the success of the event was made possible by the contributions of both academic and non-academic staff members of the college. 40 students participated in seminar.
