

Navigating The Realm Of Intellectual Property Right

On November 16, 2024, IGNITE organized a session on "Navigating the Realm of Intellectual Property Rights" for the new faculty members of Silver Oak University. The session, led by Mr. Dhruv Patel, an expert with over eight years of experience in entrepreneurship and innovation, provided valuable insights into the importance of Intellectual Property Rights (IPR) in academia. Mr. Patel shared his experience of securing over eight granted IPs, including patents and trademarks, and mentoring more than 30 startups. The session covered types of IPR, steps to protect intellectual assets, and practical examples, followed by an interactive Q&A session. Faculty members gained actionable knowledge to integrate IPR into their academic and research practices, enhancing the university's innovation ecosystem.
