One Day Workshop

on

Awareness about Smart India Hackathon

Date :September 25, 2024

Venue :*Government Arts & Commerce College, Vanthali Sorath*

Organizer :*Dr. Umeshkumar Solanki, Coordinator, SSIP Cell*

Objective: To create awareness and motivate students to participate in the Smart India Hackathon and build teams for the event.

Summary:

A one-day workshop on Awareness about Smart India Hackathon was successfully organized by Dr. Umeshkumar Solanki, Coordinator, SSIP Cell, at Government Arts & Commerce College, Vanthali Sorath on September 25, 2024. The workshop aimed to educate and encourage students to participate in the Smart India Hackathon, a prestigious national-level hackathon that provides a platform for students to showcase their innovative ideas and solutions.

Key Highlights:

- The workshop began with an inaugural address by **Dr. Umeshkumar Solanki**, who emphasized the importance of innovation and entrepreneurship in today's digital era.
- A comprehensive presentation was made to familiarize students with the Smart India Hackathon, its objectives, and benefits.

Government Arts & Commerce College, Vanthali (Sorath)

- Resource person from the SSIP Cell explained the rules, regulations, and participation criteria for the hackathon.
- Success stories of previous Smart India Hackathon winners were shared to inspire and motivate the students.
- Interactive sessions were conducted to guide students on team formation, idea generation, and problem-solving strategies.
- A Q&A session was held to clarify doubts and address queries from students.

Outcome:

The workshop was well-received by the students, with over 50 participants attending the event. The workshop achieved its objectives, as evident from the enthusiastic response from the students.

Key outcomes include:

- Increased awareness about the Smart India Hackathon and its benefits.
- Motivation among students to participate in the hackathon and showcase their innovative ideas.
- Formation of potential teams, with several students expressing interest in collaborating and working together.
- Enhanced understanding of problem-solving strategies and innovative thinking.

Conclusion:

The One Day Workshop on Awareness about Smart India Hackathon was a resounding success, achieving its goal of motivating students to participate in the hackathon. Dr. Umeshkumar Solanki's initiative has provided a valuable platform for students to explore their innovative potential and showcase their talents at a national level. The SSIP Cell will continue to provide guidance and support to interested students, ensuring their participation in the Smart India Hackathon.

Government Arts & Commerce College, Vanthali (Sorath)

Recommendations:

- Conduct follow-up sessions to provide ongoing guidance and support to participating teams.
- Invite industry experts and mentors to provide valuable insights and feedback to students.
- Encourage students to participate in regional and national-level hackathons to further develop their skills.

Acknowledgement:

The organizers thanked the management of Government Arts & Commerce College, Vanthali Sorath, for their support and cooperation in organizing the workshop. Special thanks to Dr. Umeshkumar Solanki for his tireless efforts in promoting innovation and entrepreneurship among students.
