

SOCIAL ENTREPRENEURSHIP EDITION 2024

The Social Entrepreneurship Edition 2024 event focused on the integration of legal education with entrepreneurship, particularly through Gujarat National Law University's Legal Incubation Center (GLIC). Esteemed speakers emphasized the importance of innovation in legal education and the role of startups in driving social change. Dr. S.P. Singh highlighted the Gandhian approach to social entrepreneurship, focusing on purpose over profit and the need for an inclusive entrepreneurial ecosystem. Panel discussions covered challenges in social entrepreneurship, including intellectual property issues and the importance of partnerships for scaling impact. Several startups presented innovative ideas ranging from affordable healthcare to AI-powered legal research and sustainable agriculture. The event concluded with the announcement of winners, highlighting the potential of social entrepreneurship to address societal issues while promoting economic stability.
