

Securing Your Startup: Legal Best Practices Webinar

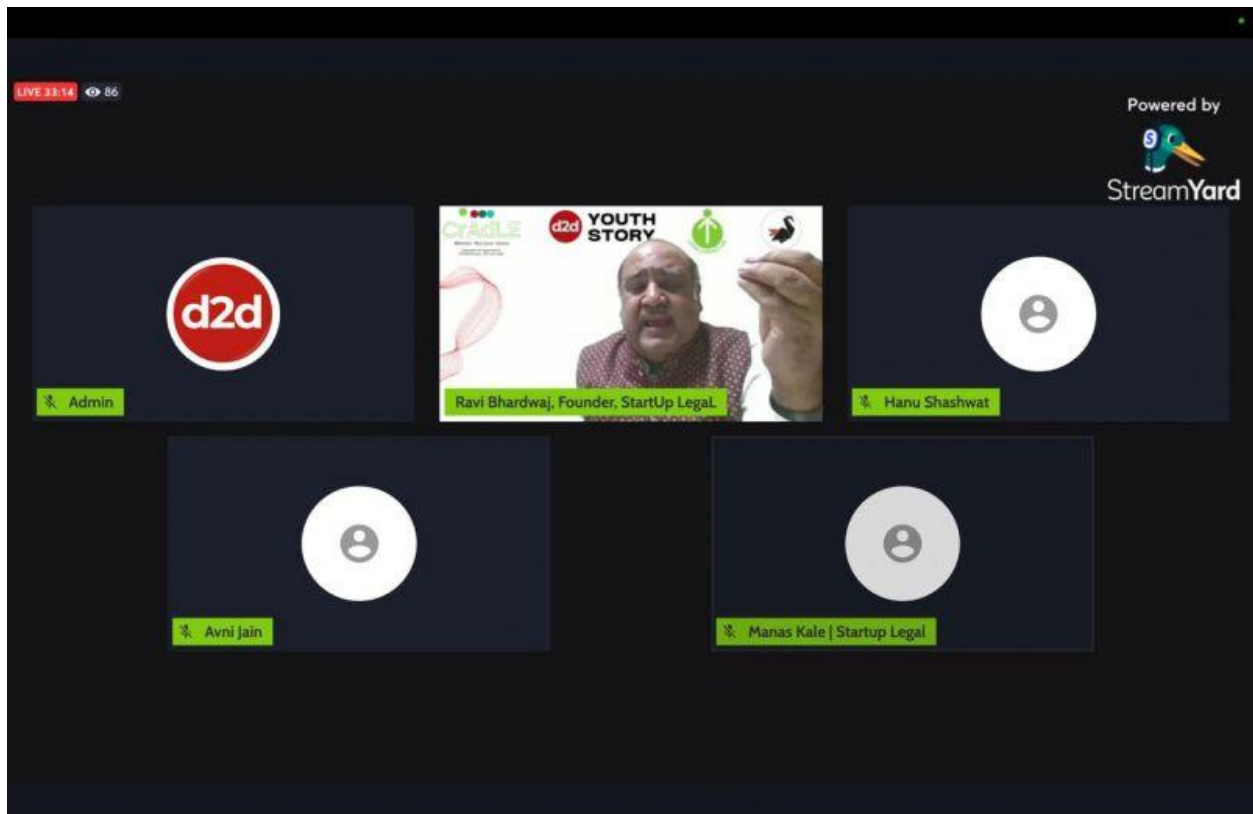

14-12-2024

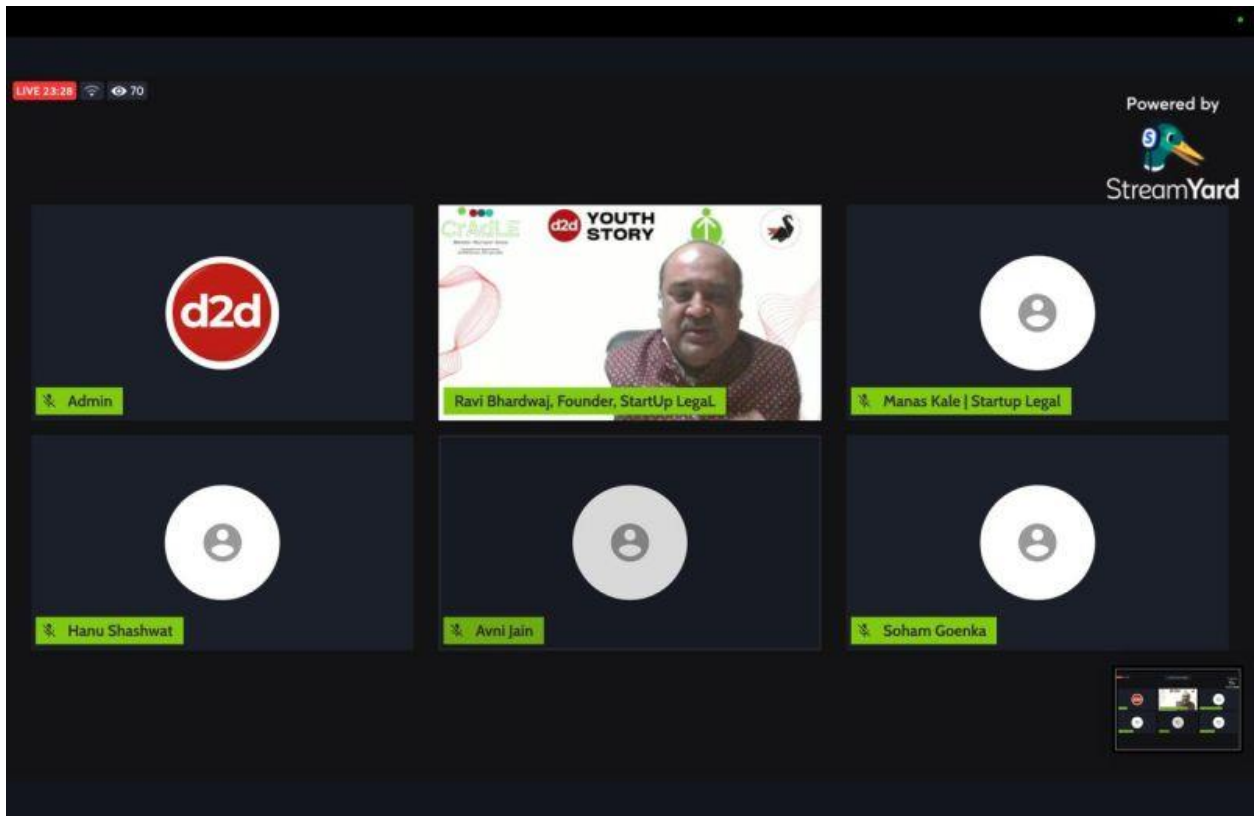

CrAdLE

CrAdLE EDII successfully hosted a highly engaging webinar featuring **Ravi Bhardwaj**, Lawyer and Founder of Startup Legal. The session provided startup founders and entrepreneurs with critical insights into navigating the legal landscape essential for building resilient and compliant businesses.

The webinar addressed key legal aspects such as Intellectual Property Rights (IPR) to protect innovations, contract negotiation for establishing secure business partnerships, fundraising compliance to meet investor requirements, and risk management strategies to mitigate potential legal and operational challenges.

With over 90 participants, the event raised legal awareness among budding entrepreneurs, equipping them with actionable strategies to safeguard their ventures and strengthen their foundations. The interactive nature of the session allowed attendees to gain clarity on pressing legal concerns and fostered a more informed approach to managing the legal complexities of startups.
