Organised By: Saraswati International School, Valsad

A session on "Innovation for School Students" at Saraswati International School Valsad, under the auspices of IIC (GoI) and SSIP (GoG) is organised by Government Engineering College, Valsad at Saraswati International School Valsad at 11.30 am on December 28, 2024. The session was delivered by Dr R C Malan and Prof V R Visavaliya, Assistant Professor(s), Applied science & humanities department, GEC Valsad. Total 98 students and 06 faculties were present during the entire session.

During the session, we explained the day-to-day life problems where innovative ideas can take place. We also shared a few innovative ideas on which the ideas have been converted into start-ups by school students and a few money-making ideas. We demonstrate the procedure on how an idea can be registered, idea can become the star-up as well as patent registration of the model. It was inspiring to see the enthusiasm and creativity of the students.

Key Highlights:

- Introduction to innovations.
- Discussion on the few day-to-day life problems.
- Discussion on few innovations done by the school students.
- Making money through innovations.
- Ideas on the start-ups.
- Innovation Ecosystem Enablers
- Journey from Ideas to Start-Up
