The students of Government Science College, Vadnagar, embarked on an educational industrial visit to Adani Port, Mundra, on the 11th of January, 2025. This visit was part of the college's initiative to provide hands-on exposure to students about large-scale industrial operations, infrastructure management, and the role of technology in logistics and trade.

Total 42 students from Sem-2, 4 and 6 had participated in this event. This event was organised by Mr. Shrikant Makwana SSIP Co-ordinator under guidance of Dr. P.S. Patel, Principal, GSC Vadnagar

Adani Port, Mundra, is India's largest commercial port and serves as a key hub for global trade, making it an ideal location for students to learn about the intricacies of port operations, environmental considerations, and modern logistics systems

The visit began at 12:30 PM with a warm welcome by the Adani Port representatives at customer centre followed by Guided tour of the port facilities, including the container terminal, bulk cargo handling areas, and automated systems. Later on Adani Port representatives gave presentation on the history, growth, and future plans of Adani Port by the corporate communication team.

Students gained valuable insights into operational Efficiency, Sustainability Practices, Global Trade Dynamics, Career Opportunities. The students found the visit highly educational and inspiring. They appreciated the opportunity to witness real-world applications of their theoretical knowledge. The interactive sessions with industry professionals provided clarity about career prospects and the skills required to excel in the field.

This industrial visit to Adani Port, Mundra, was a resounding success.
