Case Study 1 (Global - Education)
Educating for Sustainability: The Earth Charter Initiative

GHG

- Details:** The Earth Charter is a global declaration of ethical principles for building a just, sustainable, and peaceful global society. Universities worldwide use it to integrate sustainability into curricula and research.
- Impact:** Universities affiliated with the Earth Charter have implemented programs on sustainable development, fostering interdisciplinary research, community engagement, and student leadership in sustainability.
- SDG Connection:** Directly linked to SDG 4 (Quality Education) and other interconnected goals.

Turning conscience into action.
