Dr.Parul Patel Vice President, Parul University inaugurated the 'Student Startup, Research and Innovation Festival'. On this occasion, she said that student startups have an important contribution in the economic development of the country and the government is committed to extend all kind of cooperation in the student startup sector.
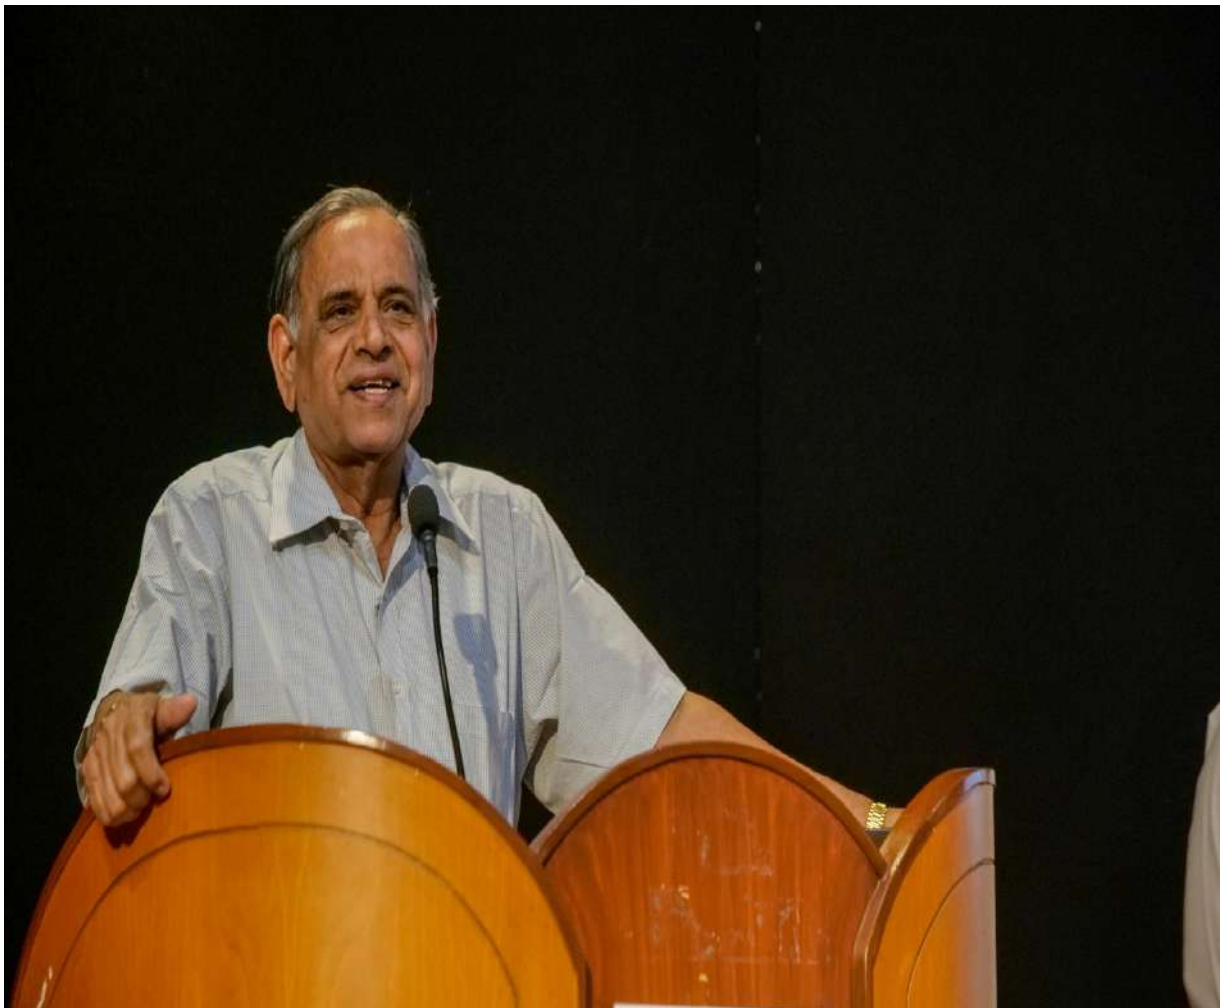

The main objective of the *'Student Startup, Research and Innovation Festival' to organized at Parul university to build startup and innovation culture in university also to felicitate the students startup and sensitized the SSIP Policy to Newly admitted students in the university.*

Talking about the startup sector, the Dr.Parul Patel said that student startup is also very important in the economic development of the country. Today, the government helps even an ordinary student in case of any kind of financial difficulty and also helps him in taking him to the market. Because of this, Gujarat has remained on the first position in the startup ranking for three consecutive years.

(Dr.Parul Patel, Vice President, Parul University)

Dr. M.N.Patel Advisor Parul University was also invited to this event to inspire students about innovation, startups, and entrepreneurship. In his speech, he said that *Parul University, in collaboration with the education department of the state government, is aiming to leverage these avenues in a systematic manner by building student-centric innovation and pre-incubation processes*.

(Dr.M.N.Patel Advisor Parul University Motivating Young minds for startups)

Additionally, he claimed that Parul University is utilising the creative potential of its younger students in order to establish an inclusive development model through entrepreneurship. Gujarat's industrial sector has grown significantly over the past ten years, thus it is crucial to have a strong structure in place to encourage student creativity.

Mr.Jay Sudani, Chief Executive Officer at Entrepreneurship Development Centre, Parul University, said that as the **incubation centre of Parul University, we are providing support to facilitate and pre-incubate innovative ideas to go through a stage of proof of concept, prototype, product, testing & trial, redesign and pre-development of utility. Also, the student startup and innovation policy of the state would help in building innovation and pre-incubation processes of the state higher education.**

(Mr.Jay Sudani, Chief Executive Officer at Entrepreneurship Development Centre, Parul University)

The SSIP Policy and Initiative Sensitization session was taken by Mr. Hutesh Baviskar, Incubation Manager, Entrepreneurship Development Centre, Parul University.

Glimpses of Sensitization session of SSIP Policy and Various Initiative of SSIP

(Mr. Hutesh Baviskar, Incubation Manager, Entrepreneurship Development Centre, Parul University taken session on SSIP Policy and Initiative)

He said that this is a unique way to celebrate research, innovation, and startup festivals, for the first time in India and also at Parul University. He said that the Student Startup and Innovation Policy is not limited to students studying alone. Under this policy, a total assistance of up to Rs 2.50 lakh will be given to all the youth up to the age of 35 for different levels of work to develop their ideas and take them to the market.

He also added in his session that **the Student Startup & Innovation Policy of the Government of Gujarat aims to create an integrated, state-wide, university-based innovation ecosystem to support the innovations and ideas of young students and provide a conducive environment for the optimum harnessing of their creative pursuits.**

He informed students about the SSIP initiative, such as the various events and competitions that are organised through SSIP, like

- Azadi Ka Amrit Mahotsav Hackathon 2022.

- Student Open Innovation Challenge (SOIC).

- SSIP Prashansha Awards.

- Startup Sathi.

- SSIP Samajh.

- Startup Goonj.

- SSIP/Startup Mart.

- SSIP/Startup Manak.

- SSIP/Startup Samarth.

On this occasion of the **"Student Start-up Research and Innovation Festival" at Parul University, Seven student startups were felicitated.**

The student startups are:

1. ST7-Surveillance Solution Pvt.Ltd.

2. Hardclikk Pvt. Ltd.

3. Vegan Cave

4. Bapuda Farm Pvt. Ltd.

5. Players

6. KIIYA-Innovation

7. el_sueno

FELICIATION OF STUDENTS STARTUPS

After the felicitation of student startups, each student startup founder shares the startup journey: how they started their startup, how the Entrepreneurship Development Centre helped them during their journey, and how the SSIP policy helped them during various phases of the startup journey. Even the students who took part in the event had questions for the startup's founders. Students were really happy and interacted with their Senior/Alumni classmates.

(Founder of Players Mr.Parth Sharing His Journey to newly join students)

(Founder of Bapuda Farm sharing journey and Incubation support from University)

(Founder of KIIYA sharing journey and Incubation support from University)

The programme was ended with a vote of thanks given by Mr. Ajay Barot, Incubation Manager, Entrepreneurship Development Centre, Parul University.

Mr. Ajay Barot, on behalf of Parul University, thanks the Gujarat government's Education Department for launching a series of initiatives to design and develop innovative processes and ecosystems across its colleges and universities.

He also stated that the Student Start-up and Innovation Policy (SSIP 2.0) is being implemented for students. *It will help to boost innovative ideas, prototypes models and startups.*

(Startup Awardees with Entrepreneurship Development Team, Parul University)

"Parul University, as an academic-led innovation system, is happy to organise events like a "Student Start-up Research and Innovation Festival" and other time-bound problem-solving events such as Hackathons and other innovation, startup and entrepreneurship related activities.
