

Event Name: Sensitization Programme

Date: 03/09/2025

Venue/ Mode: Environment Engineering Department Building

No of Participants: 33

SpeakersName: S.C. Patel (HoD Electrical)

About Event:

The Student Startup Policy is a government initiative aimed at fostering entrepreneurship and supporting student startups. This policy recognizes the potential of students as budding entrepreneurs and provides them with a platform to transform their innovative ideas into successful businesses.

Outcome of Event:

Awareness and Sensitization means creating awareness among the people and other stakeholders about the Project and sensitizing them in this regard for successful implementation of the project.
