

A Report on
“Fundamentals of Cyber Security”
(18th February 2025, Tuesday)

Event Overview:

A workshop on “Fundamentals of Cyber Security” was conducted on February 18, 2025 for the students of Computer Science Engineering, Information Technology, Cyber Security and Artificial Intelligence of Gandhinagar Institute of Technology. The expert for the workshop was Dr Lokesh Sharma, Scientist E, Head Information Technology Division and Chief Information Security Officer (CISO), ICMR – National Institute of Occupational Health, Department of Health Research, Ministry of Health and Family Research, Government of India. He covered key concepts like threat identification, risk management, encryption, and securing networks and raised awareness with the necessary skills to handle emerging cyber threats.

The event was a grand success under the enlightenment of President, Vice President, Vice Chancellor of the University and the participants.
