

Workshop on Innovation to Implementation

Objective: To inspire innovation and engage students to be aligned and committed to the path forward.

Expected Outcomes: After completion of workshop,

- Workshops are a chance to step back from daily operations and engage in meaningful, big-picture thinking.
- A workshop can not only just develop the larger strategy and elements, but also generate ideas for actions to enact the strategy.

Date: 06/10/2025

Time: 10.00 am to 12.00 pm

Venue: The Patidar Gin Science College, Bardoli

Targeted Audience: B.Sc. students (The Patidar Gin Science College, Bardoli)
(Students - 296)

Coordinators: Dr. Sheetal Karmur and Dr. Mukesh J. Keshvani

SSIP cell, The Patidar Gin Science College, Bardoli, has organized a workshop on "Innovation to Implementation." All students were invited to attend the workshop. Dr. Sheetal B. Karmur, Co-coordinator of SSIP cell, welcomed all the dignitaries and students. She shared the objective of the workshop and introduced the speaker of the talk, Dr. Mukesh J. Keshvani. DR. Mukesh has given insightful information about SSIP 2.0 Policy and the path of idea generation as to how to reach the final stage of the product. He has also encouraged the students to collaborate work among the different departments. Dr. Keshvani has displayed government support for nurturing the product. Students interacted during the workshop. Finally, the Principal, The Patidar Gin

Science College, Bardoli shared the vote of thanks and encouraged the students to participate in the activities.
