❖ **Report of Visit**

Department of Civil Engineering, GCET has organized an expert talk on National Startup Day celebration on 4th February, 2025. The day is celebrated on 16th January every year. Due to unavoidable circumstances, we celebrated on 4th February, 2025.The theme of the day is innovation for a sustainable future. The talk was delivered by Ms. Meghana Patel, Sr. Interior Designer, Pranav Patel Design Studio, Anand.

Aim of Expert Talk:
The main aim of the talk is to focus on sustainability, inclusivity and focus, and technological advancement. National Startup Day, celebrated annually on January 16, highlights the contributions of startups to India's economic growth and innovation ecosystem. Introduced by Prime Minister Narendra Modi in 2022, the day acknowledges startups as the "backbone" of a self-reliant India, emphasizing their role in driving development and fostering job creation.

Objective of the talk:
- The objective of talk is to make students aware about the Start-up and Government Policy, Best Start-ups in India, and Recent Technological Innovations.

About The talk:

Ms. Meghana started the session by explaining the importance of the day as to honor the vital contributions of startups to India's economic growth, innovation, and job creation. Startups play a pivotal role in fostering technological advancements and addressing societal challenges through creative solutions. Ms. Meghana discussed that how this day aims to inspire entrepreneurs and recognize their efforts in transforming India into a hub of innovation and self-reliance.

Ms. Patel highlighted about the role of startups as the "backbone" of India's development, Motivating new entrepreneurs to contribute to solving critical challenges with innovative approaches, and Reinforcing government initiatives like the Startup India Scheme, which provides financial, regulatory, and mentorship support.

Ms Patel discussed about the role of architecture and civil engineers in infrastructure developments. She discussed how the thoughts of architects come into reality by civil engineers. She explained the various tasks are taken place from approvals of the land to the final construction of the various projects. She discussed various projects such as Eye hospital, renovation of old house, Hotel H, Mud house, PPDS office, weekend house, and umang party plot. She discussed that the requirements of all the projects are different and based on the clients requirements and functions of the buildings various desgins are carred out.

Finally she discussed the importance of software in the designing. She emphasized to use the BIM software for the buildings.

❖ **List of Participants:**

Sr. No.	Enrolment Number	Name	Department	Signature
1	12402030503009	Pudhiyur Nilesh F	Civil	
2	12402030603002	Prajapati Meghal V.	civil	
3.	12402030503007	JAISWAL KARAN	CIVIL	Karn
4	12402030503008	Mujeeb. Ahmad. Bhat	civil	
5.	12402040501067	Tarshal Purohit	Computer	Tpurohit
6	12302030501004	Aarohan	Civil
