I create drone challenge virtual Roadshow

Event Date: 05.11.2025

About the event:

On 5th November 2025, ASHINE organized a virtual roadshow for the iCreate Drone Challenge 2025 at SVNIT, Surat, bringing together innovators, researchers, and drone enthusiasts to strengthen India's drone innovation ecosystem. During the session, Team iCreate highlighted the key features of the challenge, including its focus on real-world industry problems, a technology-driven approach, and a structured acceleration pathway. The session also shared details about the Aerial Excellence and Component Indigenisation tracks, encouraging participants to design and scale Made-in-India drone technologies.
