

G H Patel College of Engineering & Technology (The Charutar Vidya Mandal (CVM) University)

Celebration of India Space Week 2025

DATE: 12/08/2025 to 18/08/2025

Time: 9:00 am Onwards

Institute: G H Patel College of Engineering & Technology

Venue: GCET

Coordinator: Dr. Smita Joshi

Convener: Dr. Vipul Shah (HOD AS & H Department)

No. of Participants: 65 students

Objective: To inspire students' creativity and scientific curiosity in space science through poster presentation, model making, and quiz activities.

Outcome/Benefit: Students gained awareness of India's space achievements, enhanced problem-solving skills, and showcased innovative ideas in space technology.

Mode of Conduct: Off line

As part of the celebration of *India Space Week 2025*, commemorating the birth anniversary of Dr. Vikram Sarabhai, the Father of India's Space Programme, various student-centered activities were organized at GCET to promote awareness, creativity, and innovation in the field of space science and technology.

1. Poster Presentation

The poster presentation competition allowed students to showcase their creativity and scientific thinking through visual representation. Students designed posters on themes such as *India's Achievements in Space*, *Future of Space Exploration*, and *Applications of Satellites in Daily Life*. The activity encouraged participants to blend scientific knowledge with artistic expression.

2. Model Making

A model-making event was organized to bring out innovative ideas in space science. Students created working and static models, including satellite launch vehicles, space rovers, satellite communication systems, and futuristic space missions. The event helped students understand the practical aspects of space technology and promoted teamwork and hands-on learning.

3. Quiz Competition

B.Tech sem 3rd students (Shubham Darji and Hiten Malaviya) has helped as being quiz master. A quiz competition tested students' knowledge of space science, astronomy, ISRO's milestones, and global space achievements. The quiz generated enthusiastic participation, and students actively engaged in answering challenging questions. It served as an interactive learning platform to enhance curiosity about space research.

Outcome

All three events received enthusiastic participation from students across different departments. The activities provided a platform for students to express creativity, apply scientific knowledge, and develop problem-solving and presentation skills. The celebration successfully created awareness about India's contribution to space research and inspired students to think innovatively about the future of space exploration.

Acknowledgment

The events were conducted under the guidance of faculty members with active support from the organizing committee. GCET management and CVM University provided full encouragement and facilities for the successful conduct of these activities.
