Saurashtra University – IIC

The university is dedicated to instruction, research, and extending knowledge to the public (public service). Ministry of Education (MoE), Govt. of India has established 'MoE's Innovation Cell (MIC)' to systematically foster the culture of Innovation among all Higher Education Institutions (HEIs). The primary mandate of MIC is to encourage, inspire and nurture young students by supporting them to work with new ideas and transform them into prototypes while they are informative years. Saurashtra University is one the Organization that have constituted the IIC to foster the vision of MoE and be a part for the promotion and development of innovation ecosystem.

Event Schedule

10:20AM	Registration Time
10:30AM	Welcome
10:40AM	Introduction of SSIP SUSEC
11:00AM	Share Experience by incubates
12:00PM	Visit the Incubated startup room
12:45PM	Closing Ceremony

Brief about Event

Government Science College, Veraval with the support of the Saurashtra University Startup and Entrepreneurship Council (SUSEC), is organizing an “Innovation in Action Visit to the Incubation Centre” on 16th February 2026 at 10:30 AM onwards. The visit aims to provide students with practical exposure to the startup ecosystem, government grants, incubation support, and innovation opportunities, encouraging entrepreneurial thinking and startup culture among students.

The visit to the Incubation Centre under the theme “*Innovation in Action*” offered a firsthand look at how ideas evolve into impactful solutions. The center serves as a dynamic space where creativity, technology, and entrepreneurship intersect, enabling students and innovators to transform concepts into viable products and startups. During the visit, participants were introduced to the center’s mission, infrastructure, and support systems that nurture early-stage innovations.

One of the most engaging aspects of the visit was the interaction with ongoing projects and startups. Participants had the opportunity to observe prototypes, research models, and technological solutions across various domains such as healthcare, sustainability, and digital services. These real-world examples demonstrated how innovative thinking, combined with proper guidance and resources, can address practical challenges and create value in society.

The session also included insightful discussions with mentors and incubated entrepreneurs who shared their journeys, challenges, and successes. Their experiences highlighted the importance of persistence, adaptability, and collaboration in the innovation process. They also explained how the incubation center provides mentorship, funding support, networking opportunities, and technical assistance to help ideas grow into sustainable ventures.

Overall, the visit was both inspiring and educational, encouraging participants to think beyond traditional learning and explore entrepreneurial pathways. It emphasized that innovation is not just about ideas, but about execution, problem-solving, and continuous improvement. The experience motivated attendees to develop their own ideas and consider utilizing incubation platforms to bring their innovations to life.

Key Points

- Introduction to the purpose and role of the incubation center in supporting innovation and startups
- Exposure to real-world projects, prototypes, and startup ideas across different fields
- Interaction with entrepreneurs and innovators sharing their experiences and journeys
- Understanding the process of transforming ideas into successful products or businesses

- Insights into mentorship, funding support, and networking opportunities provided by the center
- Learning about challenges faced during innovation and how to overcome them
- Encouragement to think creatively and pursue entrepreneurial opportunities
- Emphasis on practical learning, problem-solving, and implementation of ideas

Outcome

The outcome of the *“Innovation in Action: Visit to the Incubation Centre”* event was an enhanced understanding of how innovative ideas are developed, supported, and transformed into real-world solutions. Participants gained practical insights into entrepreneurship, startup development, and the importance of mentorship, collaboration, and persistence. The experience inspired attendees to think creatively, identify problems worth solving, and explore incubation opportunities to turn their own ideas into impactful ventures.
