Event Brief: Think Tank Thursday on Start-up Valuation & Legal Compliances: an insightful session tailored for aspiring entrepreneurs, investors, and business professionals. Dive deep into the critical aspects of valuing a start-up, understanding funding dynamics, and ensuring adherence to essential legal and regulatory compliances. Industry experts and legal advisors will share real-world experiences, key valuation methodologies, and strategies to mitigate legal risks. Whether you're preparing to pitch or scaling your venture, this event offers the clarity and tools you need to move forward confidently.

Overview: GTU Ventures (AIC GISC Foundation, GISC, DIC & IPFC) successfully organized another edition of its flagship weekly initiative Think Tank Thursday: Innovate & Impact on 22nd May 2025. The session focused on the highly relevant theme of Startup Valuation and Legal Compliances, aiming to enhance startup founders' understanding of key business and regulatory principles.

Objective:

- To introduce startups to essential legal and regulatory compliance frameworks.
- To empower the GTU Ventures incubation team with foundational knowledge to better guide incubated startups.
- To educate startups on valuation methods used during fundraising and business scaling

Key Highlights of Event:

- The session was led by CA Arpit Parikh, a seasoned finance professional with extensive experience in startup finance, valuation, and legal advisory.
- The expert broke down complex valuation concepts into practical frameworks suitable for early and growth-stage startups.
- Legal compliance topics included incorporation models, regulatory filings, due diligence practices, and investment-readiness.
- Real-life case studies and investor perspectives were shared to give startups context-based learning.

Participation

- Total Participants: 159 startups & team incubator (combined onsite and online participation)
- Representation from sectors including HealthTech, AgriTech, FinTech, EdTech, and SaaS.
- Active Q&A sessions with scenario-based questions posed by startup founders.

Impact:

- **Startups** gained clarity on how valuation is calculated, the importance of accurate financial modeling, and common mistakes to avoid while raising funds.
- **GTU Ventures Incubation Team** also benefited greatly from the session, as several basic but critical concepts related to valuation and compliance were clarified, enabling staff to assist startups more efficiently in daily operations.
- Startups appreciated the interactive and practical approach adopted by the expert.

The session successfully met its intended outcomes, enhancing both startup and incubator knowledge and preparedness. Think Tank Thursday continues to serve as a vital weekly engagement for founders, innovators, and the incubation team at GTU Ventures. The event reaffirmed GTU's commitment to nurturing a well-informed and resilient startup ecosystem.
