➡ Event Details:

N. V. Patel College of Pure and applied sciences (NVPAS) and Institute Innovation Council (IIC) of Institute of Science and Technology for Advanced Studies & Research (ISTAR) and Institute Innovation Council (IIC) of in collaboration with CVM University Innovation and Startup Centre (CVMUISC)” on 27 March, 2026 conducted offline Boot camp on Design thinking, Innovation and Startup for the students of Undergraduate and Graduate programme, around 105 students and 10 faculties.

➡ Objective:

Objectives of the Bootcamp on Design Thinking, Innovation and Startup

(Organized by IIC–NVPAS IIC–ISTAR, in collaboration with CVMU Innovation and Startup Centre on 27 March 2026)

1. To introduce the fundamentals of Design Thinking and enable participants to apply a structured, user-centric approach to problem identification and solution development.
2. To foster an innovation mindset among undergraduate and postgraduate students by encouraging creativity, critical thinking, and ideation for real-world challenges.

3. To provide exposure to the startup ecosystem, including key concepts such as ideation, validation, business models, and entrepreneurial opportunities.
4. To enhance problem-solving and analytical skills through interactive learning and practical insights into innovation-driven approaches.
5. To bridge the gap between academic knowledge and industry requirements by promoting application-oriented thinking and innovation-based learning.
6. To motivate students and faculty towards entrepreneurship as a viable career path and encourage the development of startup ideas.
7. To create awareness about institutional support systems such as IIC and CVMUISC that facilitate innovation, incubation, and startup development.
8. To encourage interdisciplinary collaboration and teamwork among participants for generating impactful and scalable ideas.
9. To build confidence in participants to convert ideas into actionable projects and pursue further incubation or startup opportunities.
10. To strengthen the culture of innovation and entrepreneurship within the institutions by actively engaging students and faculty in such capacity-building programs.

➔ **Outcome/Benefit:**

The offline Bootcamp on Design Thinking, Innovation and Startup conducted on 27 March 2026 by IIC-ISTAR and IIC-NVPAS in collaboration with the CVMU Innovation and Startup Centre (CVMUISC) resulted in significant academic and entrepreneurial benefits for the approximately 105 student and 10 faculty participants. The programme enhanced participants' understanding of the design thinking process, including key stages such as empathy mapping, problem identification, ideation, and solution development. It fostered creativity and innovation, enabling participants to approach real-world problems with structured and user-centric methodologies. The bootcamp also strengthened problem-solving and analytical skills while providing valuable exposure to the startup ecosystem, including idea validation and business model development. Participants were motivated to explore entrepreneurship as a potential career path and gained insights into converting academic

knowledge into practical, innovation-driven applications, thereby helping bridge the gap between academia and industry. Faculty members benefited through capacity building and gained perspectives to mentor students in innovation and startup-related activities. The programme further promoted interdisciplinary collaboration, encouraged teamwork, and facilitated the exchange of diverse ideas. Additionally, it created awareness about institutional support systems such as IIC and CVMUISC, which can assist participants in pursuing innovation and startup initiatives. Overall, the bootcamp contributed to strengthening an innovation-driven ecosystem within NVPAS and ISTAR, fostering continued engagement in entrepreneurial and creative pursuits.
