Date: January 17, 2026

A Group Discussion Competition was successfully organized on 16th January, 2026 under the **Student Startup and Innovation Policy (SSIP)** with the objective of creating awareness among students about the **available scopes of business opportunities, entrepreneurship, and innovative ideas**. The programme aimed to encourage critical thinking, communication skills, and entrepreneurial mindset among students by providing a platform to discuss real-world business possibilities and emerging innovations.

The competition witnessed enthusiastic participation from students across various disciplines. Participants actively discussed diverse topics such as startup opportunities in agriculture and allied sectors, digital entrepreneurship, technology-driven innovations, and local business models with global potential. The discussions reflected students' creativity, awareness of market needs, and understanding of current economic and technological trends.

The event was evaluated by a panel of 2 faculty members, who assessed participants based on clarity of thought, originality of ideas, communication skills, teamwork, and practical feasibility of the proposed business concepts.

The event has been successfully handled by SSIP coordinator Mr Atriya B. Ghetiya and co-coordinator Mr. Manish C. Gangorde. Total 21 students have participated in 5 different groups.
