Date: 18/07/2025

Venue/ Mode: room number – 19

No of Participants: 81 (55female, 26male)

Speakers Name: Miss Nirali Bhavsar, SSIP coordinator GSC Varachha

About Event:

A SSIP (Student Startup and Innovation Policy) Sensitisation Program was organized for F.Y. B.Sc. Semester–1 students at Government Science College, Varachha on 18th July, 2025. The event was coordinated and conducted by the SSIP Coordinator of the college.

Outcome of Event:

The objective of the program was to create awareness among the newly admitted students about the opportunities provided under the Student Startup and Innovation Policy of the Government of Gujarat. The session highlighted the importance of innovation, entrepreneurship, research, and creative thinking in higher education.

The SSIP Coordinator explained the facilities available for students under the scheme, including guidance for developing innovative projects, funding opportunities, mentoring support, incubation centres, and patent assistance. The students were also motivated to think beyond textbooks and to work on real-life problems by proposing innovative solutions.

The session was highly interactive, with students actively participating and clarifying their doubts about project development and idea submission. The program helped the students understand how they can transform their ideas into startups with proper guidance and institutional support.

Overall, the SSIP sensitisation program proved to be a very informative and inspiring event. It successfully encouraged the first-year students to explore innovation and research from the very beginning of their academic journey.
