

Intellectual Property Rights

Event Name: Intellectual Property Rights

Date: 11/03/2026

Venue/ Mode: Seminar

No of Participants: 50

Speakers Name : Ms Ruchi Solanki

About Event: A seminar on "Patent Filing" was organized by the department/college to create awareness about intellectual property rights and the importance of protecting innovations. The session was delivered by Ms. Ruchi Solanki, an IP Officer at the Community Science Centre, Dahod. The seminar aimed to help students and participants understand the process, significance, and benefits of patent filing in the field of science and innovation.

The seminar was highly informative and inspiring. It helped participants gain practical knowledge about intellectual property rights and motivated them to think innovatively. The interactive session at the end gave attendees an opportunity to clarify their doubts and understand the subject in a better way.

Overall, the event was a great success and proved to be beneficial for everyone present. It created awareness about the value of inventions and the role of patent protection in promoting scientific growth and innovation.

- **Outcome of Event:** The seminar on "Intellectual Property Rights (IPR)" delivered by Ms. Ruchi Solanki, IP Officer at Community Science Centre, Dahod, resulted in a significant enhancement of knowledge and awareness among the participants. The session successfully introduced students and attendees to the fundamental concepts of intellectual property, including patents, copyrights, trademarks, and their relevance in today's innovation-driven world.
- One of the key outcomes of the event was the development of a clear understanding of how intellectual property rights help in protecting original ideas, research work, and inventions. Participants learned about the importance of safeguarding their creative efforts and the legal frameworks available for the same. The seminar also clarified the procedures involved in acquiring different types of intellectual property rights, which helped reduce confusion and misconceptions related to the topic.
- The event encouraged participants to think innovatively and emphasized the importance of originality in academic and professional work. It motivated students to explore research and development activities with a focus on protecting their outcomes through appropriate IPR mechanisms. Additionally, the real-life examples and practical insights shared by the speaker made the session more relatable and impactful.
- Another important outcome was the increased interest among participants in pursuing further knowledge and possibly careers in the field of intellectual property. The interactive discussion session helped address individual queries, leading to a better conceptual understanding.
- Overall, the seminar proved to be highly beneficial, fostering awareness, promoting innovation, and encouraging responsible use and protection of intellectual property among the participants.
