

# **Report on SSIP 2.0 Orientation Program**

**(28/08/2025)**

The SSIP 2.0 Orientation Program was successfully organized with the objective of creating awareness among students about innovation, entrepreneurship, and startup culture under the Student Startup and Innovation Policy (SSIP 2.0). The program witnessed active participation from a total of 54 students, along with the presence of 3 permanent faculties and 4 visiting faculties, making it an engaging and informative session.

The program was conducted under the guidance of the Principal, Dr. B. J. Gangani, whose leadership and vision played a key role in organizing the event. The SSIP Coordinator, Mr. R. K. Katara, efficiently coordinated the program and ensured its smooth execution. The event was further supported by faculty members, including Dr. Mitesh Gondaliya, along with other staff members who contributed to the success of the program.

The orientation began with an inaugural and inspirational speech delivered by Dr. B. J. Gangani. In his address, he emphasized the importance of innovation in today's competitive world and encouraged students to think creatively and develop problem-solving skills. He highlighted how SSIP 2.0 serves as a platform for students to transform their ideas into viable startups and contribute to national development.

Following the inaugural session, a detailed presentation on SSIP 2.0 was delivered by Mr. R. K. Katara. He provided comprehensive information about the objectives, benefits, and opportunities available under the policy. He explained various aspects such as financial support for student startups, mentorship opportunities, prototype development assistance, and the process for idea submission and incubation. The session was highly informative and helped students understand how they can actively participate in innovation-driven activities.

The orientation program created a positive and motivating environment for students, encouraging them to explore their potential in entrepreneurship and innovation. It also

helped in building awareness about government initiatives supporting startups and the importance of developing practical and research-oriented skills.

In conclusion, the SSIP 2.0 Orientation Program was a fruitful initiative that successfully inspired students and faculty members alike. The program not only enhanced awareness about startup culture but also motivated students to take their first steps toward becoming innovators and entrepreneurs.
