Expert:

Dr. Anjali Mishra serves as an **Assistant Professor** in the **School of Humanities and Sciences** at IAR University. She will look after the SSIP activities of the university.

Brief biography of the expert:

Dr. Anjali Mishra serves as an Assistant Professor in the School of Humanities and Sciences at IAR University. She will oversee the university's SSIP activities. She will constantly motivate students to start their startup or enterprise.

Objective of the Event:

- **To commemorate the lives lost in the 1984 Bhopal Gas Tragedy** and highlight the importance of industrial safety.
- **To raise awareness** among school students about the harmful effects of pollution on human health, the environment, and ecosystems.
- **To promote measures for pollution prevention and control**, especially in industrial, vehicular, and domestic sectors.
- **To encourage the adoption of sustainable practices** such as waste management, clean energy, and eco-friendly technologies.
- **To strengthen public participation** in pollution control initiatives and environmental conservation activities.
- **To support government policies and regulations** aimed at reducing air, water, and soil pollution.

Brief Overview of the Session:

National Pollution Control Day was commemorated at PM Shri Kendriya Vidyalaya Cantonment, Ahmedabad, where **Dr. Anjali Mishra, SSIP Coordinator of IAR University**, delivered an informative and thought-provoking session. She began by highlighting the significance of the day, observed in memory of the victims of the 1984 Bhopal Gas Tragedy—one of the world's worst industrial disasters—which serves as a reminder of the need for strict safety and pollution-control measures.

Dr. Mishra explained the ***various types of pollution, including air, water, soil, and noise pollution, and discussed their harmful effects on human health, biodiversity, and the climate.*** She emphasized the urgency of adopting sustainable actions such as reducing waste, conserving natural resources, planting trees, and promoting eco-friendly practices.

IAR University

Established under the Gujarat Private Universities Amendment Act 2011 and recognized under section 22 and 2(f) of UGC

Institute of Advanced Research

The University for Innovation

She encouraged students ***to become responsible environmental stewards***, she motivated them ***to take small but impactful steps to protect and save the environment for a healthier and greener future.***

At the end of the session, Dr.Mishra has asked the questions to students on the celebration and she has given gifts to students for their right answer.

Mr. Mineshkumar Prajapati, Head Incubation, conducted an Expert Session on Entrepreneurship and Its Importance

Mr.Mineshkumar Prajapati, Head Incubation, IAR University, has started his session with a definition of entrepreneurship, personal characteristics of successful entrepreneurs, entrepreneurship and the entrepreneurial process and successful teenage entrepreneurs from India.

He has explained that ***“An Entrepreneur is a person who undertakes the risk associated with creating, organising, and owning a business.”*** He has talked about personal characteristics of successful entrepreneurs like Persistent, creative, responsible, Inquisitive, goal-oriented, independent, self-confident and risk-taker.

He has talked about Entrepreneurship and Entrepreneurs. He has talked about ***eminent entrepreneurs of the India***. He asked the studnets to identify the name of **the entrepreneur and name of their enterprise group**.He has also explained about Success story of young entrepreneurs/startup founders from India. He has talked about age is just a number. Anyone can start their business at any time based on their skill.

Outcome of the Event:

The event had a highly positive impact on the students. The session enhanced their understanding of the Bhopal Gas Tragedy, different types of pollution, and the urgent need to protect the environment. Many students expressed a strong willingness to adopt eco-friendly habits such as reducing plastic use, proper waste segregation, saving water and electricity, and planting more trees. Also, Student has gained knowledge on Entrepreneurship, Entrepreneurs, and Successful entrepreneurs from India and their contribution in the Indian economy.

Audience/Participants Feedback:

Students were very happy to receive the useful information on National Pollution Control day, its significance, different types of pollution & its effect on the environment, measures to protect the environment. They are very happy to receiving the new information on entrepreneurship and startup.

Report for Media:

On the occasion of **National Pollution Control Day**, **Dr. Anjali Mishra, Assistant Professor, School of Humanities and Sciences, and SSIP Coordinator**, conducted a sensitization programme at PM Shri Kendriya Vidyalaya, Cantonment, Ahmedabad. She briefed the students in detail about the importance of the day, **Bhopal Gas Tragedy** and **discussed various types of pollution, including air, water, soil, and noise pollution**. The session concluded with an interactive question–and–answer round, during which the winning students were felicitated with prizes.

Mr. Minesh Prajapati, Head of Incubation, also addressed the students and shared valuable insights on entrepreneurship. He explained the concept of entrepreneurship, the role and characteristics of an entrepreneur, and highlighted inspiring success stories of prominent Indian entrepreneurs.

More than 42 students of the **Standard VIII** participated in the event very enthusiastically.;

We are deeply grateful to **PM Shree Kendriya Vidyalaya Cantonment, Ahmedabad**, for their invaluable support in organizing the event. We also extend our sincere appreciation to the IAR Management Team for their continuous guidance and contribution toward making this event a success.
