

BHARTIYA VIDYA BHAVAN'S SHRI ISHVARLAL L.P. ARTS-SCIENCE & J. SHAH COMMERCE COLLEGE

Dakor-388225, Gujarat, India

Brief Report on Workshop & Expert Talk

1. Event Overview

A professional workshop and expert talk focused on the intersection of modern technology and entrepreneurial growth was successfully organized at Bhartiya Vidya Bhavan's College, Dakor. The session was designed to equip students with contemporary technical skills and a startup-oriented mindset.

Theme	Entrepreneurship Skills, AI, ML, DL, and Google Tools
Date	10th February 2026, Tuesday
Time	11:00 AM to 02:00 PM
Organized By	BVB College, Dakor

2. Expert Profile

The session was conducted by **Dr. Suchita Patel**, Assistant Professor at the Computer Science Department, ISTAR College, CVM University. With her extensive background in computer applications and research, she provided deep insights into the practical implementation of Artificial Intelligence and Machine Learning in the current business landscape.

3. Key Discussion Points

- **Entrepreneurial Mindset:** Strategies for developing viable business models and fostering innovation among students.

- **AI & ML Implementation:** How Deep Learning (DL) and Machine Learning (ML) can be leveraged to create competitive advantages for new startups.
- **Google Tools Ecosystem:** Hands-on guidance on using Google Tools for productivity, collaborative research, and educational success.

4. Outcome

The participants gained a comprehensive understanding of how to bridge the gap between academic learning and industry requirements. The session concluded with an interactive Q&A where students discussed potential startup ideas and technical hurdles with the expert speaker.
