Intellectual Property (IP Cell)

Academic Year 2025-26

**Expert Session
on
Introduction to Intellectual Property (IP)**

Speaker : Dr. Samidha Banka Agrawal

Date: 06.03.2026

Venue: Electrical Seminar Hall

Moderator: Dr. Pritam Patil

**Coordinators:
Prof. Palak Trivedi
Prof. Jignasa Patel**

Expert Session on Introduction to Intellectual Property (IP)

An expert session on “**Introduction to Intellectual Property (IP)**” was organized by the **IP Cell, SVMIT, Bharuch** on **6th March, 2026** for the students of **2nd year Chemical Engineering, Computer Science & Engineering and IT Engineering branch**. The session aimed to create awareness among students about the importance of intellectual property rights and their role in protecting innovation and creativity.

The session was delivered by **Dr. Samidha Banka Agrawal**, Senior Lecturer in Chemical Engineering at **Shri K. J. Polytechnic, Bharuch**. Dr. Agrawal is an accomplished academician and researcher with several publications, patents, and research contributions in the field of chemical engineering and renewable energy. The session was coordinated by **Prof. Palak Trivedi and Jignasa Patel** under the guidance of **Dr. Pritam Patil, Head of the Department of Chemical Engineering & SSIP Coordinator**.

During the session, Dr. Samidha explained the **fundamental concepts of Intellectual Property Rights (IPR)** and their significance in academia, research, and industry. She introduced students to different types of intellectual property such as **patents, copyrights, trademarks, and industrial designs**. The speaker also discussed the **importance of protecting innovative ideas**, especially for students working on projects, start-ups, and research activities.

Dr. Agrawal further elaborated on the **basic process of filing patents**, the importance of novelty and originality in inventions, and how intellectual property can contribute to technological advancement and entrepreneurship. Real-life examples and case studies were shared to help students understand the practical relevance of IP protection.

The session was highly interactive, with students actively participating and asking questions related to patent filing, protection of research work, and career opportunities in the field of intellectual property.

The expert session concluded with a **vote of thanks delivered by Prof. Aesha Mehta, Assistant Professor in Department of Chemical Engineering** expressing gratitude to Dr. Samidha Agrawal for sharing her valuable knowledge and inspiring students to explore innovation and intellectual property rights.

Overall, the session proved to be **informative, engaging, and beneficial** for students, encouraging them to think creatively and understand the importance of protecting their intellectual contributions.
