

Founders Fun House – Detailed Report

Date: 7th March 2026

Venue: Sai Sudha Lawn, Vadodara

Total Participants: 37

Total Founders: 25

1. Introduction

The Founders Fun House event, organized by PIERC, was designed to create a dynamic and informal environment for startup founders and innovators. The initiative aimed to strengthen the startup ecosystem by encouraging open interaction, collaboration, and relationship-building beyond formal incubation settings.

2. Objectives

- Foster networking among startup founders
- Encourage peer-to-peer learning and collaboration
- Build a strong entrepreneurial culture within the ecosystem
- Provide a relaxed platform for ideation and discussion

3. Event Highlights

The event featured multiple engagement-driven activities including ice-breaking sessions, interactive discussions, and fun-based team games. Participants actively shared their startup journeys, challenges, and insights, leading to meaningful exchanges of ideas.

4. Participation

A total of 37 participants attended the event, including 25 startup founders incubated or associated with PIERC. The diverse participation enriched the discussions and enhanced cross-domain collaboration.

5. Event Glimpses & Description

Group photograph of participants showcasing strong community bonding and enthusiastic participation.

Interactive discussion session where founders shared ideas and experiences in a relaxed setting.

Engagement activity demonstrating leadership, coordination, and team spirit among participants.

Fun-based team activity encouraging collaboration, decision-making, and communication skills.

6. Outcomes

The event successfully strengthened networking among founders, enhanced collaboration opportunities, and promoted a positive entrepreneurial environment. Participants reported improved connections and valuable peer learning experiences.

7. Conclusion

The Founders Fun House proved to be an impactful initiative by PIERC in fostering community-driven innovation. Such informal engagement platforms play a crucial role in building trust, collaboration, and long-term startup growth.
