

Report: SSIP Awareness Program & Vocational Training Session

Date: 22nd December 2025

Time: 11.30 AM to 12.30 PM

Target Audience: F.Y.B.Sc. Students

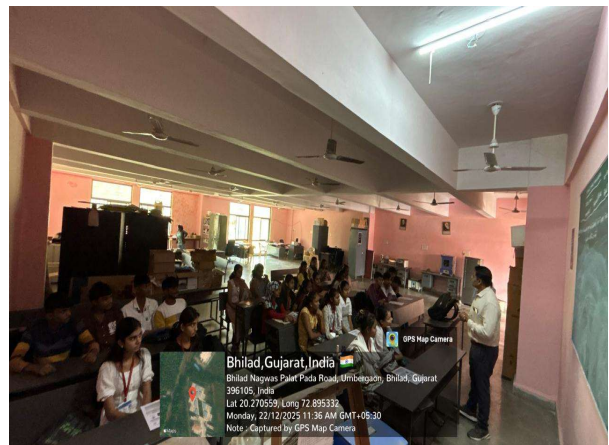

Total participants: 28 Students

Event Coordinator: Dr. Falguni Sheth, SSIP and NEP Coordinator

Session Summary

An SSIP awareness program was organized for first-year science students to bridge the gap between academic learning and industry-standard technical skills. The session was conducted by Mr. Samir sir from the Indo German Tool Room (MSME Training Center), Umbargaon, who provided expert guidance on specialized short-term vocational opportunities. Specifically, students were introduced to a three-month government certificate program focusing on 3D Animation and Special Effects. By highlighting this government-backed training, the session aimed to equip students with creative technical competencies that complement their scientific background. This initiative encourages students to diversify their skill sets under the SSIP framework, fostering a mindset of innovation and improving their readiness for the evolving digital and media industries.
