Best Presenter	TM12	Swaroop Shantanu Chanda , Surendra Pawar, Bhavaninath Siddh , Hanav Gandhi	Dr. Chunibhai Vallabhbhai Patel College of Pharmacy

#### Objective of Program:

To foster innovation, critical thinking, and teamwork among students by addressing real-world challenges through creative ideation and solution development.

To provide a platform for developing practical, cost-effective solutions while enhancing presentation skills and encouraging interaction with industry and academic experts.

#### Program Overview:

IDEATHON 2.0 was successfully conducted on 2nd and 3rd February 2026 at Anand Pharmacy College, Anand, with active participation from 45 students forming 19 teams, including both in-house and external institute participants.

The two-day event, spanning 14 hours, was structured into multiple rounds to ensure progressive development of ideas. The program commenced with an initial presentation round where teams showcased their understanding of selected problem statements and proposed innovative solutions. This was followed by a refinement round, where participants incorporated valuable feedback from expert jury members to enhance their ideas and prototypes.

### IDEATHON 2.0 competition

(2nd – 3rd February 2026)

Supported by; SSIP, GOVT. OF GUJARAT & IIC, MOE

### Summary Report

On the final day, teams delivered polished presentations along with working or conceptual prototypes, demonstrating creativity, feasibility, and social impact. The event covered diverse themes such as healthcare innovation, environmental sustainability, women empowerment, community development, and educational gaming solutions.

The presence and mentorship of distinguished jury members—Dr. Ronak R. Vashi, Dr. Dipika Chavda, and Mr. Ritesh Macwan—added significant value by guiding participants with practical insights and constructive feedback throughout the event.

IDEATHON 2.0 provided a dynamic and engaging platform for students to transform ideas into actionable solutions, strengthening their innovation mindset, teamwork, and problem-solving capabilities. The program concluded successfully and coordinated by Dr. Chetna Modi and Dr. Vaishali Thakkar with enthusiastic participation, knowledge exchange, and impactful outcomes.
