Program

6th February 2023, Monday

Electrical Department Seminar Hall 4012

"Government Engineering College, Palanpur" (GECPL), operates under the aegis of Government of Gujarat (established in the year 2009). It is affiliated to Gujarat Technological University, Ahmedabad and is also approved by All India Council of Technical Education (AICTE), New Delhi. GECPL provides a dynamic and supportive environment in which faculty and staffs continuously grow intellectually and professionally.

Our Vision is to be a leading technical institute facilitating transformation of human resources into socially responsible engineering professionals for sustainable development. Our mission is to achieve academic excellence by developing state-of-the-art laboratories and academic infrastructure. To create an ecosystem that promotes value based technical education, innovation and entrepreneurship for sustainable development. To contribute to industry and society by providing technical and consultancy services. To enhance technical competencies of human resources by providing need base trainings and quality improvement programs.

In above context, Student Start-up & Innovation policy committee of Government Engineering College, Palanpur has organized **"Sensitization Program"** on date 6th February 2023, Monday for the students of Civil, Mechanical, Electrical and Mining Engineering. The aim of organizing this sensitization program was too aware the student about SSIP 2.0 and also they can implement the benefits of SSIP 2.0 funds for their new idea or innovation into the market for creating the entrepreneurship. To take benefits of SSIP 2.0 funds, we have invited the students of various institutions nearby GEC Palanpur.

Our honorable chairperson of SSIP Committee & Principal, GEC, Palanpur, Dr. D. M. Patel, Heads of various department of our institute, SSIP Co-ordinator, Prof. V. D. Patel, SSIP Departmental Committee members, Faculty members and students participation has present in this program.

Prof. V. D. Patel start the session with the briefing about the journey of SSIP 1.0 in our institute. More than 18 PoC were supported by the institute in SSIP 1.0. They encourage the students to come with the maximum PoC under SSIP 2.0 and take benefits of funds under SSIP 2.0.

Prof. M. K. Patel start the session with innovation, its process, idea generation and discuss the SSIP 2.0 goal, objective, policy and fund support to the students under SSIP 2.0. The session were ended with few question and answer session.

Dr. D. M. Patel, chairperson SSIP committee, encourage and provide the importance of patent filling to the students.

At last, Prof. V. D. Patel conclude the session with vote of thanks.

Total 115 students with 18 faculty members have attended the program. The session was found very interesting, informative and thought provoking.
