

Report on AI Resume Analyzer & Improvement Suggestions Workshop Under SSIP 2.0

Date: 05/04/2025

Organized by: Electronics and Communication Department, Government Polytechnic for Girls, Surat

Expert: Mr. Sumit Thakkar

Designation: CEO & Founder, Govardhan Institute and Infotech

The Electronics and Communication Department of Government Polytechnic for Girls, Surat successfully organized a one-day workshop titled "**AI Resume Analyzer & Improvement Suggestions**" on 5th April 2025 under the Student Startup and Innovation Policy (SSIP) 2.0 initiative.

The session was conducted by **Mr. Sumit Thakkar**, CEO & Founder of Govardhan Institute and Infotech. He shared valuable insights on the role of Artificial Intelligence in modern resume screening processes and how students can leverage AI tools to optimize their resumes for better career opportunities.

The workshop covered:

- Importance of AI in recruitment
- Demonstration of AI-based resume analyzers
- Common resume mistakes and how to avoid them
- Personalized resume improvement suggestions using AI tools

The session was highly interactive and received an enthusiastic response from the students. It helped them understand current industry expectations and how to present their skills effectively using AI-driven strategies.

The department extends its gratitude to Mr. Sumit Thakkar for his expertise and SSIP 2.0 for supporting such skill-enhancing initiatives.
