

REPORT

Expert Session on “Innovation and Entrepreneurship”

Event Date: 14.03.2026

About the event:

An Expert Session on “Innovation and Entrepreneurship” was successfully organized under SSIP 2.0 at ASHINE, SVNIT on 14th March 2026. The session was delivered by Dr. Pravanshu Mohanty. During the session, Dr. Mohanty provided valuable perspectives on translating innovative ideas into scalable ventures, emphasizing the importance of research-driven innovation, interdisciplinary collaboration, and market validation. He also discussed key challenges faced by early-stage startups and strategies to overcome them. The session witnessed active participation from faculty members, students, and startup teams incubated at ASHINE. An interactive discussion followed the talk, where participants engaged with the expert, gaining clarity on various aspects of entrepreneurship, startup development, and global best practices.
