"Hackathon Event Internal 2025"

Aim: To Create Awareness among the Student For smart India Hackathon 2025 and Innovation for live problem solving

Topic:

1. Key Objectives of SIH 2025
2. About Live programming
3. Live Problem solving

Summary:

A highly successful and inspiring Smart India Hackathon was held at Noble University on **September 15, 2025**. For 8 hours This event provided a dynamic platform for students to demonstrate their problem-solving skills and innovative thinking, attracting participation from 90 talented students organized into 17 different teams.

The Internal hackathon was officially inaugurated by a distinguished panel of guests from the university's leadership. The inauguration ceremony was graced by **Managing Trustee Shri V P Triverdi, Associate Vice President Mr. Parth Kotech, Vice Chancellor Dr. H N Kher, Pro VC Dr. C D Sanakhavra, and Registrar Dr. Jay Talati**. In their addresses, the dignitaries encouraged the students to think creatively and apply their technical knowledge to create impactful solutions for real-world challenges. Their presence and motivating words highlighted the university's commitment to fostering a culture of innovation and entrepreneurship.

Throughout the intense competition, the participating students worked tirelessly, guided by the event's key coordinators: **Head of the Computer Department and Event Coordinator Vipul Parmar, Co-Coordinator Paras Borkhatariya, and Startup Coordinator Mr. Rajendrasinh Darbar**.as an expert for this event **Mr. pradip kor and Mr. kalpesh parmar** are present for team evolutions. The students received continuous support and mentorship from the visionary board management team and academic coordinators, who nurtured their ideas and encouraged them to push their boundaries.

After a rigorous evaluation of the projects, three teams were selected as the winners for their exceptional and well-executed solutions. The judges praised the high quality of the ideas and the innovative approach demonstrated by all the participants.
