The visit of M. Pharm. Semester – III students were organised at Atal Incubation Center - Gujarat Technological University (AIC-GTU) and School of Applied Sciences and Technology - Gujarat Technological University (SAST-GTU). The purpose of the visit was to provide insights into entrepreneurship, innovation, and the start-up ecosystem supported at AIC-GTU by the Government of India and research facilities available with SAST-GTU. Incubation manager at AIC-GTU, Mr. K. D. Singh conducted a session on the ecosystem provided by AIC to help develop start-ups by providing facilities like Mentorship, Grants, Work space at the campus as well as instrument facilities for free or minimal charges. He also discussed upon the various grants which can be availed by students to support their start-ups. The different instruments facilities such as 3D printing, microneedles, fermenter, Centrifuge, Ultra centrifuge and Lyophilizer. The visit at SAST included the sophisticated lab on the instrumentation for biotechnology which includes Sanger sequencing, oxford nanocore, PCR, nanodrop etc. The visit to AIC-GTU was a highly enriching experience for the students, bridging the gap between academic knowledge and real-world application. It ignited a spirit of innovation and provided a platform for future collaboration. The visit also ignited the collaborative research with SAST and other startups at AIC.
