7. A brief description of the outcomes achieved through the event or the message from the event.

As part of PharmaFest 2025, celebrated under the banner of World Pharmacist Day 2025, L. M. College of Pharmacy organized an inter-collegiate innovation competition titled Pharma Wizard. The primary objective of this event was to provide a platform for pharmacy students to channel their knowledge, creativity, and problem-solving abilities into addressing challenges faced by the healthcare and pharmaceutical sectors.

The competition drew an enthusiastic response with nine teams comprising twenty-eight participants, who presented their innovative ideas before an audience of 121 students, faculty members, and invited guests.

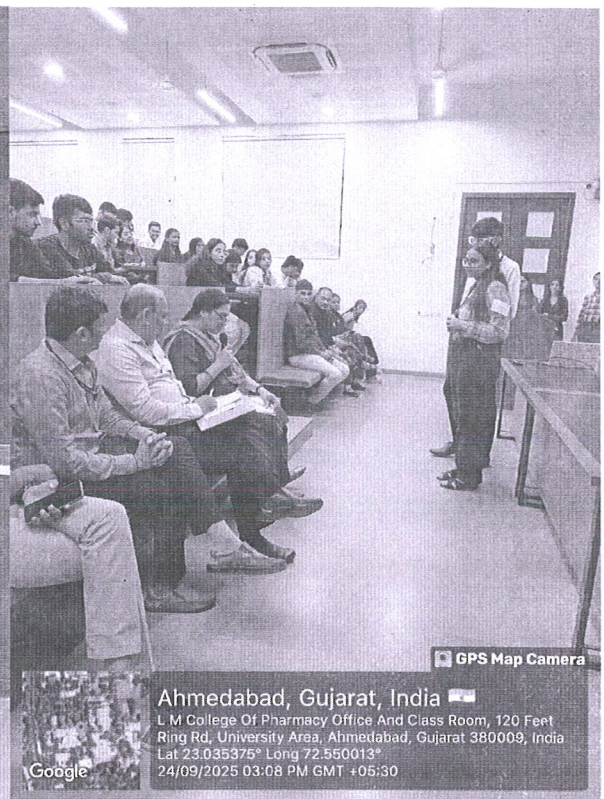

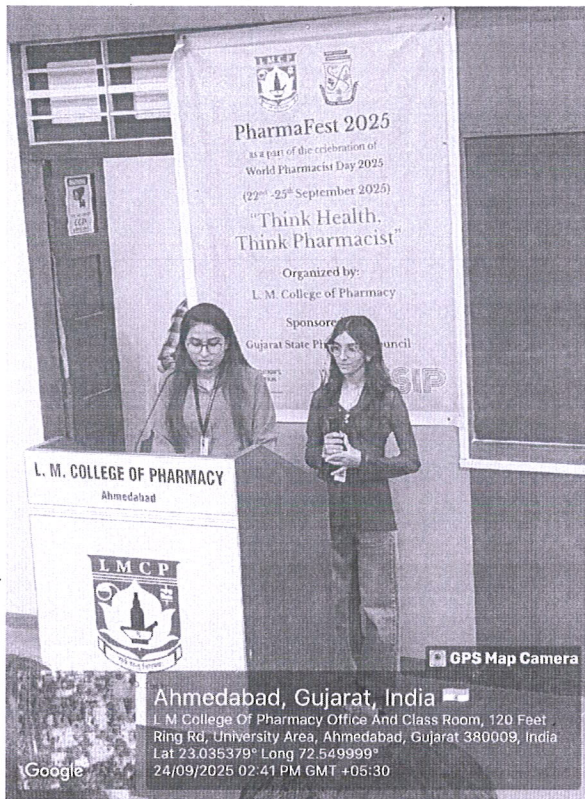

The themes of the competition were thoughtfully selected to reflect contemporary priorities in pharmacy and healthcare. These included strategies to address the challenge of tobacco consumption, the development of electronic databases for effective drug utilization, and the adoption of biodegradable packaging materials to promote sustainability. Participants proposed creative and feasible solutions such as awareness campaigns, health-oriented mobile applications, digital monitoring systems for drug use, and eco-friendly packaging alternatives. The diversity and originality of these ideas highlighted the ability of young pharmacy students to think critically and apply their learning to socially relevant issues. The program was evaluated by a panel of distinguished judges, Mr. Gopal Joshi and Dr. Manju Misra, who brought their expertise and analytical perspectives to the competition.

Feedback from participants further reflected the success of the initiative. Most rated the themes and objectives as thought-provoking and relevant. The audio-visual arrangements were widely appreciated for their seamless execution, while administration, time management, and the support of the organizing team were also highly praised.

Overall, the competition achieved its objectives by motivating students to approach healthcare challenges with an entrepreneurial mindset. The enthusiastic participation, combined with overwhelmingly positive feedback, reaffirmed the value of such initiatives in nurturing the role of pharmacists as innovators and contributors to society.

The program concluded with a vote of thanks delivered by Dr. Dipen Sureja, who expressed gratitude to all stakeholders for their contribution in making Pharma Wizard a memorable and impactful event.

8. A few representative photographs (should be a part of the report) of the inaugural and valedictory functions and a few speakers conducting the sessions.
