

SSIP Event Report

Workshop on “Unlocking Intellectual Property”

Submitted to: Student Start-up and Innovation Policy (SSIP) Cell

Event Type: Workshop

Topic: Unlocking Intellectual Property

Speaker: Amit Patel

Date: 12th April 2025

Time: 9:45 AM to 1:30 PM

Organized By: SSIP Cell

Venue: Noble University auditorium Hall

1. Introduction

The Student Start-up and Innovation Policy (SSIP) Cell successfully organized a workshop on “Unlocking Intellectual Property” on 12th April 2025 from 9:45 AM to 1:30 PM. The workshop was designed to create awareness among students and faculty members regarding the importance of Intellectual Property Rights (IPR), innovation protection, patents, copyrights, trademarks, and commercialization of innovative ideas.

The session was conducted by Mr. Amit Patel, an experienced professional in the field of intellectual property and innovation management, who shared valuable insights on protecting creative and technical innovations.

2. Objectives of the Workshop

The workshop aimed to:

Create awareness about Intellectual Property Rights (IPR)

Explain the process of patent filing and registration

Encourage students to protect their innovative ideas

Highlight the role of IPR in entrepreneurship and start-ups

Provide practical knowledge about copyrights, trademarks, and designs

Motivate participants to convert ideas into protected innovations

3. Details of the Session

The workshop commenced at 9:45 AM with a welcome address by the SSIP Coordinator. The speaker, Mr. Amit Patel, introduced the concept of Intellectual Property and explained its growing significance in today's innovation-driven world.

Key topics covered during the session included:

a) Introduction to Intellectual Property

Meaning and significance of IP

Types of intellectual property

Importance in innovation ecosystem

b) Patent Filing Process

Steps involved in patent filing

Documentation requirements

Patent search process

c) Copyrights and Trademarks

Protection of creative works

Brand identity and legal protection

d) Commercialization of Innovation

How patents create business opportunities

Licensing and technology transfer

e) Case Studies

Real-life examples of successful patented innovations and start-ups were discussed to provide practical understanding.

4. Participant Engagement

The workshop witnessed enthusiastic participation from students and faculty members. Participants actively interacted with the speaker during the Q&A session and raised queries related to:

Patent eligibility

Filing costs

Protection of student projects

Commercialization strategies

The interactive discussion made the session highly informative and engaging.

5. Outcomes of the Workshop

The workshop successfully achieved its objectives by:

Enhancing awareness about Intellectual Property Rights

Encouraging innovative thinking among students

Providing clarity on patent filing procedures

Motivating participants to protect their original ideas

Strengthening the innovation culture within the institution

6. Conclusion

The workshop on “Unlocking Intellectual Property” proved to be highly beneficial for all participants. The expert guidance provided by Mr. Amit Patel helped attendees understand the practical importance of protecting intellectual assets.

The SSIP Cell extends sincere gratitude to the speaker for delivering an insightful session and to all participants for their active involvement. Such workshops play a crucial role in fostering innovation, entrepreneurship, and intellectual awareness among students.
