

## **IP Yatra : Vichar se Vyapar**

**Event Date:** 27.02.2026

### **About the event:**

Faculty members from Sardar Vallabhbhai National Institute of Technology Surat and startups incubated at ASHINE-SVNIT participated in the “Vichar Se Vyapar” IP Yatra Workshop organized by SETU Foundation on 27th February 2026 at Isroli, Bardoli.

The SVNIT delegation included Dr. Ravi Kant (Dean P&D), Dr. Sanjay R. Patel (Dean SW), Dr. Harshit K. Dave (PIC – Research Park), Dr. G. C. Jadeja (FIC – ASHINE), and Dr. Rajesh Choudhary (SSIP Coordinator). The team actively interacted with industry representatives and intellectual property domain experts, gaining valuable insights into IP protection, commercialization strategies, and government initiatives supporting startups and MSMEs.

During the visit, the delegation explored selected advanced manufacturing and testing facilities, including the SLM 280 Metal 3D Printing Machine, DMG DMC 650 V CNC VMC Machine, Mitsubishi Wire Cut EDM system, Okamoto CNC Surface Grinding Machine, and the CNC CMM Machine for high-precision inspection. The exposure to these state-of-the-art facilities provided practical understanding of precision engineering, quality testing, and prototyping infrastructure that enables innovators to transform ideas into market-ready products.
