SEMESTER	All	No. of participants	77
EXPERT NAME WITH DESIGNATION	Hutesh Baviskar, Incubation Manager at the Parul Innovation & Entrepreneurship Research Centre (PIERC), Parul University		

1. Introduction

An **Expert Talk on “Funding and Support for Student Entrepreneurs: Incubation and Innovation Cells”** was organized on **13th October 2025** at **Parul University** to create awareness among students about the opportunities available for entrepreneurship, innovation, and startup development.

The session was delivered by **Hutesh Baviskar**, Incubation Manager at the **Parul Innovation & Entrepreneurship Research Centre (PIERC), Parul University**. The talk aimed to guide students on how they can transform their innovative ideas into successful startups through institutional support, funding opportunities, and incubation facilities available at the university.

The event witnessed enthusiastic participation from students of **Parul Institute of Allied and Healthcare Sciences (PIAHS)**, who actively engaged in the session and learned about various innovation and startup support mechanisms.

2. Objectives of the Program

The key objectives of organizing the expert talk were:

- To create awareness among students about **entrepreneurship and startup opportunities**.
- To introduce students to **funding schemes and institutional support available for startups**.
- To provide insights into the **role of incubation centers and innovation cells in nurturing startups**.

- To encourage students to **transform innovative ideas into entrepreneurial ventures.**
- To motivate students to actively participate in **innovation and startup activities at Parul University.**

3. Details of the Program

The session was conducted by **Hutesh Baviskar**, who shared his expertise and experience in supporting startups through the incubation ecosystem at **PIERC**.

During the session, he explained the concept of **entrepreneurship and innovation**, highlighting how students can identify problems, develop solutions, and convert them into viable business ideas. He also introduced students to the **incubation facilities available at PIERC**, which provide mentorship, networking opportunities, infrastructure support, and access to funding.

Mr. Baviskar discussed various **government and institutional funding schemes**, including those that support student innovators and early-stage startups. He emphasized the importance of **innovation cells and incubation centers** in providing guidance, mentorship, and technical support to young entrepreneurs.

The session also highlighted how students can benefit from **collaborative learning, mentorship programs, and startup development initiatives** offered by the university. Students were encouraged to actively participate in innovation-driven activities and explore entrepreneurship as a career option.

The session was interactive, with students asking questions related to startup funding, idea validation, incubation support, and the process of building a startup.

4. Learning Outcomes

The session resulted in several valuable learning outcomes for the participants:

- Students gained a clear understanding of **entrepreneurship and startup ecosystems.**
- Participants learned about **funding opportunities and support systems available for student entrepreneurs.**
- Students understood the role of **incubation and innovation cells in startup development.**
- The session encouraged students to **think creatively and explore innovative solutions** to real-world problems.
- Participants developed awareness about **resources available at PIERC to support startup development.**

5. Conclusion

The Expert Talk on “Funding and Support for Student Entrepreneurs: Incubation and Innovation Cells” was highly informative and beneficial for the students. The session successfully created awareness about the opportunities and support systems available for aspiring entrepreneurs.

The insights shared by **Hutesh Baviskar** motivated students to explore entrepreneurship and innovation while utilizing the resources and guidance provided by the university’s incubation ecosystem.

Such initiatives play an important role in nurturing **innovation, creativity, and entrepreneurial thinking among students**, ultimately contributing to the growth of the startup ecosystem within the university.
