

Report on Biotechnopreneurship Seminar under SSIP Activity

A two-day **Biotechnopreneurship Seminar** was organized on **4th and 5th March, 2026** under the **Student Startup and Innovation Policy (SSIP)** activity. The seminar aimed to promote entrepreneurial skills and innovation among students in the field of biotechnology.

The theme of the programme was "**Biotechnopreneurship Programme**", focusing on transforming scientific knowledge and biotechnological innovations into successful entrepreneurial ventures. The sessions provided valuable insights into startup opportunities, innovation management, commercialization of research, and the biotechnology business ecosystem.

The expert invited for the seminar was **Mr. Sachin Patel** from the **Entrepreneur Development Institute (EDI)**. He delivered informative lectures on entrepreneurship development, startup incubation, funding opportunities, and the practical aspects of establishing biotechnology-based enterprises. His interactive sessions motivated students to explore entrepreneurship as a career option and encouraged innovative thinking.

The seminar witnessed enthusiastic participation from students and faculty members. The programme successfully fulfilled its objective of fostering an entrepreneurial mindset and promoting innovation under the SSIP initiative.
