-

Introduction

Government Polytechnic, Rajpipla organized an institutional awareness session on the Student Startup and Innovation Policy (SSIP) on Aug 6, 2026. The primary objective of this session was to introduce newly admitted students to the innovation and entrepreneurship ecosystem supported by the Government of Gujarat. The event commenced at 10:30 AM in the presence of faculty members and enthusiastic newcomers.

Key Highlights of the Session

- **SSIP Overview:** Mr. M.A. Gamit opened the session by explaining the core vision of SSIP. He highlighted how the policy bridges the gap between academic learning and real-world problem-solving.
- **Financial & Institutional Support:** The speaker detailed the financial assistance, proof-of-concept (PoC) development support, and patent filing guidance available to students through the college innovation cell.
- **Prototyping & Ideation:** Students learned how to convert their innovative ideas into working prototypes using institutional resources.
- **Q&A Interaction:** The final phase of the session was an interactive open floor. Students clarified doubts regarding team formation, project timelines, and eligibility criteria for funding.

Conclusion

The session concluded successfully at 12:30 PM with a vote of thanks. A total of 41 newly admitted students attended the program, gaining valuable insights into how they can utilize their technical education to become future innovators and entrepreneurs. The event successfully sparked creative curiosity among the fresh batch of diploma engineering students.
