REPORT OF GUEST LECTURE ON LIQUID CHROMATOGRAPHY TECHNIQUES IN PHARMA INDUSTRY

On July 22, 2025, Krishna School of Pharmacy & Research, Vadodara organized a Guest Lecture on "Liquid Chromatography Techniques in Pharma Industry" delivered by Mr. Rajasekhar Unnam, Independent consultant for Analytical chemistry (Ex. General Manager, ADL, Sun Pharmaceutical Industries, Vadodara.) The Insightful session was attended by B. Pharmacy and M. Pharm along with faculty members.

Mr. Rajasekhar Unnam discussed about the Fundamentals of Liquid Chromatography Techniques in various area in pharmaceutical Industry where method scientists deal with various pharmaceutical operations that needs meticulous data and interpretation of obtained data. For example, e.g. Method development, optimization of mobile phase, validation, stability indicating method and impurity profiling etc.

In this era of compliance, meticulous data is much needed to maintain the trust of organization and for meticulous data we are rely on sophisticated instrument on which we are developing methods

Also, it became necessary to maintain the integrity in all the fields to survive or run the business well, he added. He has also extended his talk on explanation of the challenges of the sophisticated technique like HPLC method development and discussed about its practical solutions.

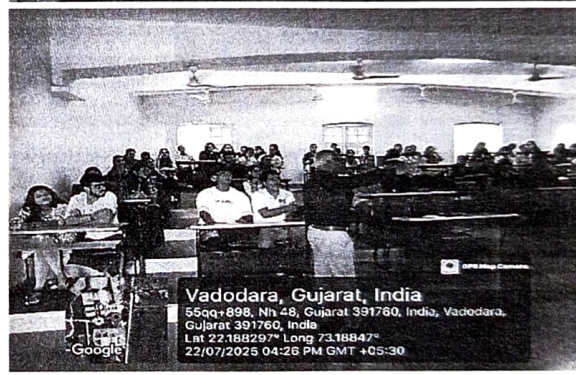

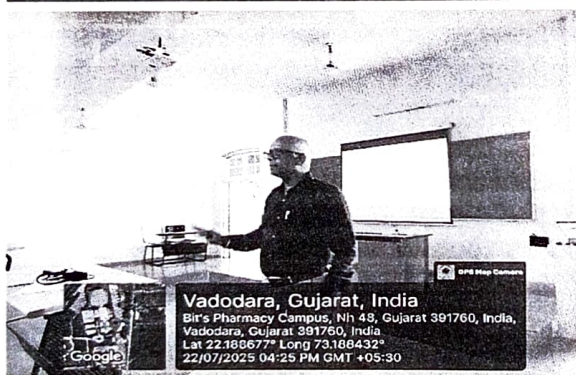

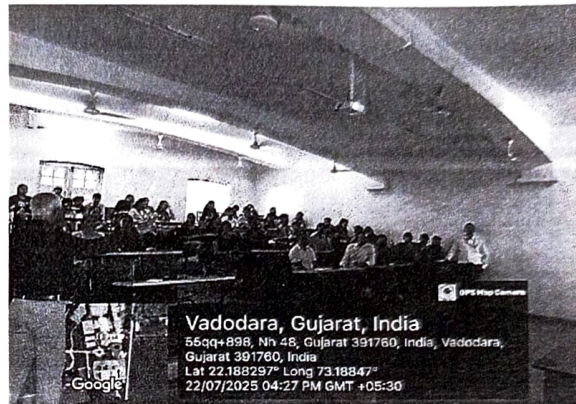

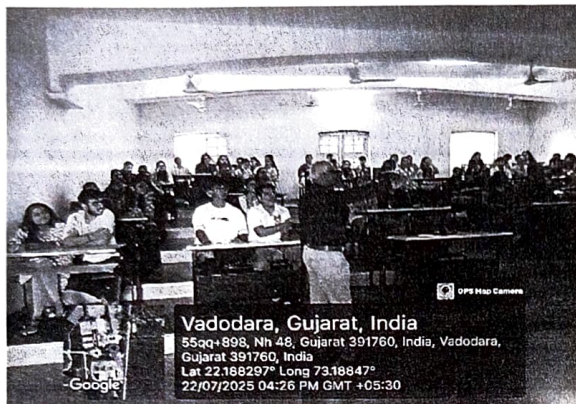

The lecture ended with an interactive Q&A session, where Mr. Rajasekhar sir provided practical aspects of liquid chromatography technique.
